October 18, 2017

ADDENDUM #1 to the University of Florida ITB18AN-109 Reconditioned 2008, or newer, GE OEC 9900 Mobile C-Arm or equivalent, scheduled to open October 24th, 2017 at 3:00PM at the University of Florida, Elmore Hall Conference Room, Radio Road, Gainesville, Florida.

This addendum consists of:
  • Responses to technical questions and inquiries submitted prior to October 16, 2017.

This addendum shall be considered part of the Contract Documents for the above mentioned ITB18AN-109, as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original document, this addendum shall govern and take precedence. All other terms, conditions, and regulations will apply.

Sincerely,

Arleen Nicius,
Procurement Agent II,
Procurement Services

Please acknowledge receipt of Addendum #1 by signing below, and returning this addendum with your proposal. Failure to include addendum with your proposal may result in rejection.

ADDENDUM #1: Technical Questions and Answers

Q1: Are there any additional features required for the C-Arm such as a laser aimer or vascular software? Are you interested in a C-Arm that has a flat detector or are you only interested in a 9” image intensifier?

Answer: A laser aimer and vascular software are not required. The Large Animal Hospital only requires the 9” image intensifier, which should be included in the bid proposal and pricing.
